

Leave the old strainer body in the tub. Apply the adhesive (supplied with the NuFit® kit) to its flange.

Press the NuFit® body over the old strainer body.

Add the new stopper, and you have a shiny new drain in mere minutes.

***In minutes, a new drain strainer and stopper, without even getting your hands dirty.***

Available with Presflo®, Push Pull® or Lift & Turn stoppers. Also available with replacement overflow plates.

## **NuFit® Tub Trim Kits by Watco: magic for any worn-out drain.**

With a Watco NuFit® Tub Trim Kit, **in less than five minutes—and for only a few dollars—you can install a sparkling, shiny new drain and stopper.** No difficult, time-consuming work.

No tools. No extensive plumbing or repairs.

You don't even have to remove the old strainer. In less time than it takes you to read this, a dingy, corroded or broken bathtub drain is a thing of the past.

Is it magic? Almost.

When it's Watco.

U.S. Patent - 5,745,931

**How to make an old bathtub drain look like new in less than five minutes.**

**Watco Manufacturing Company**

**Always a step ahead.**
