

Universal NuFit™

now available with built-in

Grid Strainer Body

Easily and quickly installs over existing strainer body, requiring only the provided silicone adhesive.

No extension into the drain means Universal NuFit™ is not limited by inside diameter or depth of old strainer body.

Covers strainer body flanges up to 2-7/8" in diameter. Installs with supplied silicone adhesive. Comes with PUSH PULL® stopper with excellent clearance for high-flow draining and easy cleaning.

Without Grid
